Managed Print Services

Seamless Integration with Managed Print Services (MPS) Printing

Businesses are using **Managed Print Services** to manage information more effectively. With a **Xerox® ConnectKey® Technology-enabled device** as the hub of your document environment, you can automate business processes, optimise, and manage devices remotely, and assist your help desk with built-in tools. Plus, ENERGY STAR-compliant, ConnectKey-enabled products go a long way toward achieving your sustainability goals using MPS.

Whatever your MPS printing solution, ConnectKey Technology seamlessly integrates with it, giving you unprecedented document management control and unmatched workplace efficiency.
